St Joseph’s Catholic Primary School Chinchilla Board Policy

Communications Policy

Rationale
St Joseph’s Communication Policy is an expression of the primary partnership between school and home, as well as our links with parish, local and diocesan communities.

Values
This policy affirms our belief that effective communication in a Catholic school is represented by:

- Honest, open and meaningful interactions
- Sensitivity to confidentiality
- Sincerity and reciprocity
- Improved learning outcomes and environments

Policy Statement
St Joseph’s School endeavours to consistently provide relevant information pertaining to aspects of the school’s function. The information communicated is selective and sensitive to the relevant audiences, and when necessary in line with privacy legislation.
